I Policy Index:

Date Signed: 10/10/2018
Distribution: Public
Replaces Policy: N/A
Supersedes Policy Dated: 05/30/2017
Affected Units: All Institutions
Effective Date: 10/11/2018
Scheduled Revision Date: April 2019
Revision Number: 15
Office of Primary Responsibility: DOC Administration

II Policy:

In the event of a natural disaster that is beyond the capabilities of local government, the Governor may order state assistance or actions to supplement the recovery efforts of local governments in alleviating the damage, loss, hardship or suffering caused by a natural disaster. With direction from the Governor and/or Office of Emergency Management, the Department of Corrections (DOC) will provide inmate labor to assist local governments in the cleanup and/or control/containment of damage caused by a natural disaster.

III Definitions:

Deployment Commander:

Deputy Warden or Associate Warden responsible for the overall coordination of the deployment of staff and inmates to the site of a natural disaster. This person ensures there are sufficient buses, trailers, equipment and inmates to respond to the natural disaster. The Deployment Commander does not typically travel to the site.

Disaster Management Team:

DOC staff responsible for handling all aspects of a deployment to and at a natural disaster. The Disaster Management Team is made up of DOC staff assigned to perform the duties of Deployment Commander, Field Commander, 1st Assistant Field Commander, 2nd Assistant Field Commander, 3rd Assistant Field Commander, communications, supply & maintenance of equipment, medical services, housing, laundry & food services, security and transportation (See Attachment 5 for supplemental information).

Field Commander:

Senior level security staff (typically a Major or Captain) or senior level unit staff member (typically a Unit Manager), who travels to the site of the natural disaster. Duties include supervising DOC staff and inmates at the natural disaster site and reporting to the Deployment Commander.

Natural Disasters:

Acts of nature, which may include tornados, windstorm, cyclone, snowstorm, flood, earthquake, forest fires or drought and causes significant severe damage to a particular part of the state.

Non-Violent Crimes:

For the purposes of this policy, includes crimes against property, public order or drug offenses as described in the inmate classification policies.

Sex Offender:

For the purposes of this policy, any adult offender convicted or adjudicated of a felony sex crime, as listed in SDCL § [22-24B-1](#), regardless of the offense date or date of conviction; an offender serving a current prison term as a condition of a suspended imposition of sentence for the commission of a sex crime; and offenders who have been identified as having a Sexual Behavior Issue (SBI) by SOMP staff (designated by sexual behavior code of 2 or convicted of any offense requiring sex offender registration (See DOC policy 1.4.B.9 [Sexual Behavior Issue Review](#))).

Shift Commander:

The senior ranking uniformed line officer at the DOC facility, normally a Sergeant, Lieutenant or Captain.

Squad Leader:

DOC staff person assigned to supervise a squad of up to ten (10) inmates at the natural disaster site. Typically a uniformed staff person between ranks of correctional officer through Sergeant or a unit staff person (typically a Case Manager or Unit Coordinator). Reports to the Field Commander or an Assistant Field Commander.

IV Procedures:

1. DOC Assistance to a Natural Disaster:

- A. Requests from the public for inmate labor to assist in responding to a natural disaster should be directed the respective county emergency management coordinator. Requests involving maintenance, beautification or remodeling projects will not be considered.
- B. The county emergency management coordinator may request assistance from the DOC in responding to a qualifying natural disaster by contacting the state Office of Emergency Management (OEM) (telephone 605-773-3231). Requests received directly by the DOC from the public/local government will be referred to the OEM.
- C. If the OEM determines the request for assistance conforms to applicable operational policies and agreements and the Governor has determined state/DOC assistance is required to supplement the efforts of local government in alleviating damage, loss, hardship or suffering caused by a natural disaster (See chapter 34-48, inclusive), the OEM will notify designated DOC staff of the need for assistance.
- D. The OEM will contact at least one DOC staff member. Attempts to contact DOC by OEM will be made in the following order:
 1. The Director of Prison Operations (**Darin Young** – office 605-367-5051).
 2. The Deputy Warden of the SDSP (**Jen Dreiske** - office 605-367-5034).
 3. The Deputy Secretary of Corrections (**Laurie Feiler** - office 605-773-4941).
 4. The Director of Community Service (**Darwin Weeldreyer** - office 605-773-6469).

- E. In the event contact cannot be established, OEM staff will contact the DOC Administration office (605) 773-3478 during normal business hours. During non-business hours, weekends or holidays, contact the South Dakota State Penitentiary (605) 367-5100.
- F. Upon notification of the requirement of state resources to respond to a natural disaster, the Director of Prison Operations (or contact staff receiving the initial order to deploy) will coordinate with the respective Warden(s) to determine the resources each facility will provide e.g., number of inmates, staff, equipment and vehicles.
- G. The DOC contact person receiving the order will ensure the Secretary of Corrections is directly notified (See DOC policy 1.1.A.3 [Staff Reporting Information to DOC Administration](#)).
- H. Male and female inmates will not typically respond to the same natural disaster site simultaneously, unless reasonable and effective measures can be implemented to minimize contact between male and female inmates.
- I. Requests for inmate labor not related to damage caused by a natural disaster occurrence may be considered in accordance with DOC policies 1.5.A.6 [Staff Reporting Information to DOC Administration](#) and/or 1.5.A.5 [Work Release](#).

2. Response and Types of Assistance:

- A. Inmate labor can be utilized when the extent of a natural disaster exceeds the resources readily available to local government (county, township or city) and local efforts to respond to the natural disaster.
 - 1. The State Emergency Operations Plan (SEOP) identifies the emergency support functions of the Department of Corrections. The Deputy Wardens at the State Penitentiary and Mike Durfee State Prison and Director of Community Service will maintain current copies of the SEOP.
- B. The DOC may respond to a natural disaster with inmates, staff and resources to clear roadways for emergency vehicles, cleanup debris to facilitate the re-establishment of basic utilities and allow the continuation of commerce and to control/contain, avert or lessen the threat of a natural disaster through protection of property and public health and safety.
 - 1. Inmate labor will generally be restricted to cleanup, debris removal, or sandbagging. Inmates will not be used to cut down standing trees or demolish standing structures, unless specifically directed to do so by the local emergency management coordinator and approved by the Deployment Commander.
 - 2. If DOC staff believes an area/site poses or may pose a safety risk to DOC staff or inmates, staff will immediately contact the Field Commander or Deployment Commander.
 - 3. The Deployment Commander or Field Commander may restrict DOC staff or inmates from entering or working in any area/site they believe poses or may pose a significant safety risk to staff or inmates.
 - 4. The Deployment Commander and Field Commander will be briefed on the scope of the work to be completed by inmates from the local emergency management coordinator and local government authorities, prior to DOC staff or inmates entering the site.
 - a. This briefing will include information about any hazardous condition(s) known to exist that may pose a safety risk to DOC staff and inmates.

- b. The local emergency management coordinator or local government authorities are responsible for correcting and responding to any hazardous condition(s) identified, i.e. shutting off power to a downed power line, shutting off gas on a leaking gas main, waiting for standing water to recede.
- C. Inmates may be used to clean-up and clear debris from private property or sandbag private property, if ordered by the Governor.
1. Inmates will **not** enter onto private property without proper authorization from the Deployment Commander.
 2. If DOC crews receive a request(s) for assistance involving private property, the request will be forwarded to the Field Commander. The Field Commander will contact the Deployment Commander.
- D. Inmate deployment to a fire will be in accordance with the *Memorandum of Understanding* between the South Dakota Department of Agriculture, Wildland Fire Suppression Division, South Dakota Department of Corrections and State Emergency Operations Plan (also see MDSP OM 3.5.A.4 -- *Inmate Wildland Fire Suppression Crew*).

3. Local Government Obligations:

- A. The local government initiating the request for assistance may be responsible for incurred deployment costs.
- B. At the direction of the Warden or designee, the local government will coordinate with the Disaster Management Team and OEM to locate acceptable lodging for inmates and DOC staff, if the deployment requires an overnight stay (See SDCL § 24-4-7).
- C. If the DOC is unable to provide meals and beverages to inmates and staff at the natural disaster site, the local government and/or OEM is responsible for arranging and providing sufficient and appropriate meals and beverages.
- D. The local government may be obligated to reimburse the DOC for inmate labor costs at a rate of twenty five cents (\$0.25) per hour, per inmate, excluding travel time. Local government may be responsible for reimbursement of overtime wages for DOC staff deployed to the natural disaster and/or costs of required security backfill and/or travel costs, at the current rate established by the State Fleet and Travel office.
- E. The local government requesting the assistance is responsible for designating a representative or "point of contact" to provide direction and offer assistance to responding staff.
 1. The local government representative or point of contact will serve as the contact for citizens with questions, complaints or requests regarding the natural disaster response.
 2. The local government representative or point of contact will supply a map of the area and provide other information necessary for the Field Commander to successfully respond to the natural disaster.

4. Deployment Site Chain of Command:

- A. The Field Commander shall have the authority and responsibility to manage and direct all DOC resources provided to assist in responding to the natural disaster. This includes all DOC staff and inmates.
- B. Squad Leaders are typically assigned to supervise a squad of up to ten (10) inmates and report to the Field Commander. The Deployment Commander or Field Commander may make certain supervision alterations on a case-by-case basis.
- C. The entire Disaster Management Team, with the exception of the Deployment Commander, will report to the Field Commander.
 - 1. During a small scale deployment, the composition of the Disaster Management Team may be reduced.
 - 2. If the number of Disaster Management Team members is reduced, essential duties will be reassigned to the responding team members by the Deployment Commander.

5. Disaster Response Inmate Work Crews:

- A. The DOC will identify and approve up to two hundred (200) minimum inmates for response to a natural disaster.
 - 1. Sioux Falls Community Work Center is responsible for a crew of up to fifty (50) inmates.
 - 2. Yankton Community Work Center is responsible for a crew of up to fifty (50) inmates.
 - 3. Rapid City Community Work Center is responsible for a crew of up to fifty (50).
 - 4. Pierre Community Work Center is responsible for a crew of up to fifty (50) female inmates from the minimum custody unit.
- B. SFCWC, PCWC, YCWC and RCCWC will each maintain a roster of approved inmates who meet the requirements found in Inmate Deployment Requirements ([Attachment 1](#)).
- C. The DOC will furnish trained inmates for Wildland fire suppression, per the *Memorandum of Understanding* between the Department of Agriculture, Wildland Fire and the DOC (also see MDSP OM 3.5.A.4 -- [Inmate Wildland Fire Suppression Crew](#)).

6. Deployment of Staff and Inmates to a Natural Disaster:

- A. When a deployment order is issued, the Shift Commander will complete the Resource Request (See [Attachment 2](#)) and email the attachment to the DOC-ADMIN MAJOR INCIDENT email group (See DOC policy 1.1.A.3 [Staff Reporting Information to DOC Administration](#)).
- B. The Shift Commander or designee will ensure the respective senior staff (Warden, Deputy Warden, Associate Warden(s), Senior Security officer, Duty Officer, Unit Manager, etc.) of the housing unit where the inmates are housed, are notified of the deployment.
 - 1. The Shift Commander will notify the respective control room and/or duty officer as directed by the Director of Prison Operations or other DOC contact person to assemble and outfit the inmates for deployment.

2. The Shift Commander will assemble staff drivers from the list of drivers maintained in the respective control room. Drivers must have a valid Commercial Driver's License (CDL). If the need for drivers cannot be fulfilled from the list, the Shift Commander will contact a senior staff member or the Duty Officer for direction.
 3. The Shift Commander will ensure approved inmate property is placed on the designated transport vehicle(s).
 4. Staff will positively identify all inmates selected for the deployment. Staff shall collect IDs from all inmates as they board the vehicles and verify the inmate on the pre-prepared list of approved inmates.
- C. The deploying facility Unit Manager or his/her designee will complete the Human Resources Inventory (See [Attachment 3](#)).
- D. The deploying facility Unit Manager will complete the Support Vehicle Inventory (See [Attachment 4](#)).

7. Staffing Requirements:

- A. The Secretary of Corrections and Warden will make provisions for the custody, control and maintenance of inmates deployed to a natural disaster (See SDCL § [24-4-7](#)).
- A. The Shift Commander will first identify staff for the deployment from the list of on-duty staff. The Shift Commander will contact a senior staff member or the Duty Officer for instructions/direction if the staff requirements cannot be fulfilled by on-duty staff.
1. A minimum of four (4) correctional officers and one (1) supervisor (Corporal or above, or Unit Coordinator or above) is required per fifty (50) inmates deployed. The Deployment Commander or Field Commander may request to alter the requirement on a case-by-case basis.
- B. The on-duty staff deployed to the natural disaster may not be prepared for an extended stay at the natural disaster site. The Shift Commander is responsible for identifying and assigning appropriate staff to replace the first responding staff as soon as possible.
- C. Replacement staff should be prepared to be deployed to a natural disaster site for up to five (5) consecutive days. Staff is responsible for packing sufficient personal items, e.g. toiletries, clean uniforms/clothing, appropriate footwear.
- D. Upon arrival to the scene, the Field Commander and Disaster Management Team members will report to the Disaster Response Command Center.
- E. Squad Leaders are responsible for the supervision and custody of the inmates including maintaining accurate counts of inmates and accounting for inmates assigned to different locations throughout the site. Squad leaders shall maintain current inventories of equipment/state property and are responsible for ensuring equipment/state property is properly cared for, secured when not in use and collected for return to the facility when the deployment is complete.

8. General Information:

- A. An sufficient number of vehicles will be staged and maintained at SDSP, RCCWC, YCWC, MDSP and SDWP to transport inmates, staff and equipment to natural disaster sites.
- B. Unless otherwise directed by the Secretary of Corrections or designee, all media inquiries regarding DOC's role in deployments, including requests to photograph or interview responding staff or inmates, will be directed to the DOC Communications & Information Manager (See DOC Policy 1.1.A.4 [Relationship with News Media, Public and Other Agencies](#)).
- C. Requests for additional equipment or resources will be communicated by the Field Commander to the Deployment Commander.
- D. Inmates will abide by all applicable rules, policies and directives set for by the DOC and will not violate any local, state or federal laws
 1. The use and/or possession of alcohol, tobacco products, narcotics, synthetic drugs, cell phones, weapons or other contraband by inmates is strictly prohibited.

Attachment 5: Disaster Management Team Responsibilities

Deployment Commander: The Deployment Commander is responsible for the overall coordination of staff and inmates deployed to a natural disaster site. The Deployment Commander will provide updates to the Director of Prison Operations and the Director of Community Service.

Field Commander: The Field Commander supervises DOC staff and inmates and manages resources at the disaster site. The Field Commander reports and provides information to the Deployment Commander. The Field Commander is responsible for ensuring all reports are complete and providing an accurate account of the deployment.

Assistant Commanders: Assistant Field Commanders assist the Field Commander as needed. Assistant Commanders may be assigned to directly supervise a particular squad leader.

Squad Leaders: Squad leaders supervise a squad of ten (10) inmates at the disaster site. Squad leaders are responsible for directing the work activities of the group, ensuring safety measures are emphasized and followed, enforcing DOC rules and regulations, and accounting for inmates assigned to their squad. Squad leaders report to the Field Commander or an Assistant Field Commander.

Unit Managers: Unit Managers are responsible for maintaining accurate deployment rosters and deployment procedures for their respective units. Unit Managers will keep an updated roster of the approved disaster crew inmates using COMS. Unit managers are responsible for ensuring the identified disaster crew inmates are ready for deployment, i.e. proper clothing, list of allowable items, medication, etc.

Communications: Communications is responsible for setting up and maintaining all equipment necessary for communication at the disaster site. The Communications leader will work with other agencies on site and with State Radio as needed to provide communications resources. Communications will make certain radio batteries are charged and sufficient numbers of radios are available for issue. Communications is responsible for locating phone lines if necessary. Communications will maintain an accurate inventory of all DOC communication equipment and will schedule testing of equipment as needed.

Supply & Maintenance: Supply and maintenance staff is responsible for maintaining accurate inventories of the disaster supplies and their condition. Supply & maintenance staff will keep an inventory of the required supplies. Supply & maintenance will keep all chainsaws and other inventoried equipment in working condition. Supply & maintenance will track supplies used at the disaster site, record the associated costs, and ensure supplies are restocked.

Medical Services: On-site medical services will brief the Field Commander, Deployment Commander and/or other designated DOC staff on any medical issues or health concerns relevant to the disaster response. Non-emergent medical issues/questions involving deployed inmates will be directed to Correctional Health Services. In the case of a medical emergency, staff will refer the inmate to on-site medical services or contact 911. Staff will assist in transport of the inmate to off-site medical service providers as necessary. The Field Commander, Deployment Commander or designated staff will contact Correctional Health staff as soon as practical if an inmate is admitted to a hospital or receives emergency medical services. Daily inmate requests for health care/sick call will be directed to on-site medical services, if possible, or forwarded to Correctional Health Services for response. Correctional Health will ensure Epi-Pens and other medication requiring a current prescription is included in the First Aid Response Kit as deemed appropriate.

Housing, Laundry & Food Services: Housing, laundry & food services is responsible for making all housing, laundry and food service arrangements needed for staff and inmates at the disaster site. This includes setup, establishing procedures, cleanup and billing. Housing, laundry & food services is responsible for making contact with local businesses or local governmental agencies for these services.

Security: Security is responsible for setting up and maintaining security requirements, i.e. schedules, count procedures, shakedown procedures, reporting count, etc. Security will contact local law enforcement agencies to inform them of the inmate presence in the area, housing location, number of inmates, contact information, and other related security information. Security is responsible for scheduling all needed security shift coverage of the inmates on large deployments.

Transportation: Transportation is responsible for maintaining a list of vehicles and emergency response trailers each facility has assigned to them for disaster response and maintaining an accurate inventory of vehicles. Transportation is responsible for ensuring the transportation equipment is in working condition on a regular basis, fuel supplies are adequate and all fuels meet the seasonal requirements. Transportation is responsible for ensuring there are sufficient vehicles at the disaster site to meet the transportation needs of staff and will locate and make available fuel supplies. Transportation will maintain a duplicate key to each vehicle and have the keys available at the disaster site. Transportation is responsible for taking care of any maintenance issues for the vehicles and/or trailers at the disaster site. Transportation will track and record all transportation related costs.
