**SOUTH DAKOTA DEPARTMENT OF CORRECTIONS
2015 ANNUAL PRISON RAPE ELIMINATION ACT REPORT**

In September of 2003, President Bush signed the Prison Rape Elimination Act. In August 2012, the PREA standards promulgated by the United States Department of Justice went into effect. Since then, staff throughout the Department has taken action to prevent, detect, reduce and respond to sexual abuse and sexual harassment in confinement facilities, including community confinement facilities and privately operated facilities that hold contracts with the Department of Corrections.

The South Dakota Department of Corrections (SDDOC) is pleased to publish its 2015 Annual Report.

This report reflects the Department continued efforts to move forward in complying with the national standards promulgated under the Prison Rape Elimination Act (PREA). The SDDOC is committed to keeping those in our custody safe and free from harm and has zero tolerance for sexual assault and harassment of offenders under the jurisdiction of the department.

STAFFING

Protecting inmates and youth from sexual assault and harassment and compliance with PREA standards is a top priority for the SDDOC and all staff from throughout the Department has been involved in achieving these goals.

The Department Secretary has assigned a senior staff person in the Administration Office responsibility for overseeing the agency's PREA activities. Adult and juvenile divisions have PREA Coordinators to lead their respective division's efforts in achieving compliance with PREA standards. Each of the three main adult facilities has a PREA Compliance Manager to oversee facility level compliance with the PREA Standards. The juvenile division facility, STAR Academy has a PREA Compliance Manager and a Juvenile Corrections Specialist for the Department assists and monitors local facilities under contract with the agency for PREA compliance.

Adult Division

In 2015, each adult facility designated and trained two PREA investigators. In addition, each facility developed a PREA compliant staffing plan. The staffing plan outlined the minimum staffing levels, facility layout review, and video camera coverage. In 2015, staffing levels were maintained and the video camera system was updated in all of the adult facilities.

Juvenile Division

In 2015, STAR Academy trained and added three new PREA Administrative Investigators. In addition staffing levels were continuously reviewed to include analysis of declining population numbers. In October 2015 the STAR Academy Quest program for girls was moved from the east campus to the west campus. In addition, both boys programs, Brady and the Youth Challenge, no longer had two units each, but were merged in one Brady program and one Youth Challenge program. The exigent circumstance log was reviewed to analyze issues in meeting the required staffing ratio. The review indicated that previous to the adjustments made in January to change procedures for the security rover during the overnight, there were no major issues with staffing levels. As the youth population

**South Dakota Department of Corrections

declined, and the programs merged, targeted staffing ratios became easier to maintain. There were a few isolated incidents of very short duration in which staffing ratios were not met [emergency response or an allowable lapse for a duration of less than one hour].

TRAINING

Adult Division Training

There was a shift in training emphasis in 2015, from training specialized staff to training all staff on the changes introduced by PREA.

Pre-Service PREA Training - Training all staff must attend prior to contact with offenders:

This training was reviewed and updated to include all of staff training requirements in the PREA Standards.

In-Service PREA Training - Annual training for all staff that has regular contact with offenders.

The in-service training for 2015 concentrated on the new PREA related policies enacted during the previous year.

Compliance w/ PREA Standards:

This policy covers the overview and Department level direction for PREA in the DOC. Other more specific PREA policies link to it.

Response & Investigation of Sexual Abuse /Harassment:

This policy covers the specific requirements in responding, reporting, investigating and documenting PREA incidents.

Searches-Adult Institutions:

A section of this policy covers the DOC procedures for cross-gender and gender non-conforming searches.

Contracted Facility PREA Training

Starting in July 2015, staff from the St. Francis Halfway House began participating in a series of PREA trainings at the South Dakota State Penitentiary (SDSP) Training Center and on-site at their facility.

Juvenile Division Training

Throughout 2015, STAR Academy attended various training sessions conducted by the PREA Resource Center, the National Institute of Corrections, the Moss Group and the Department of Justice. PREA centered training attended or conducted by staff of the DOC in 2015 include the following:

Juvenile SD DOC PREA In-Service Training

POLICIES

Adult Division Policy Updates

In 2015 there were not any new PREA impacted policies issued by the DOC.

The following policies were reviewed and updated:

1.4.B.16 PREA Institutional Risk Screen

Updated: May 2015

The update to the Initial PREA Risk Screen in section 2 addresses an issue in Admissions & Orientation (A&O). Paroled inmates could be brought back as detainees multiple times to A&O in a short time frame. The update allows A&O staff to review a PREA Risk Screen already in place, instead of starting a new screen each time.

The update to Programming / Education / Works Assignments in section 8 clarified the requirements of Programs, Education and work supervisors to be informed of the inmates PREA Risk Screens that are assigned to their area.

1.1.C.2 Supervision of Offenders

Updated April 2015

The first update was in response to guidance issued by the National PREA Resource Center. The guidance dealt with using the change in 'status quo' of cross-gender supervision and trigger for verbal announcements to the housing unit.

The second update involved cross-gender video monitoring and identified under what circumstances cross-gender video monitoring is and is not allowed.

SUPPORT SERVICES

Pursuant to PREA Standards 115.21 (115.321) Evidence Protocol and Forensic Examinations and 115.53 (115.353) Access to Outside Confidential Support Services; the SD DOC has maintained Memorandums of Understanding (MOU) with the following local victim advocates groups' to provide services to DOC offenders who were victims of sexual abuse.

Adult Division MOU's

The Compass Center in Sioux Falls

- Covering the Sioux Falls Campus: South Dakota State Penitentiary, Jameson Annex, Unit C

Missouri Shores Domestic Violence Center in Pierre, SD

- Covering the South Dakota Women's Prison

Working Against Violence, Inc in Rapid City, SD

- Covering Rapid City Minimum Unit

River City Domestic Violence Center in Yankton, SD

- Covering Mike Durfee State Prison in Springfield and the Yankton Minimum Unit.

Juvenile Division MOU's

STAR Academy maintained a Memorandum of Understanding (MOU) with Women Escaping a Violent Environment (W.E.A.V.E.). The MOU with W.E.A.V.E. is to provide emotional support, crisis intervention services, information and practical support to victims of sexual assault. As requested by the victim, they will provide an advocate to accompany and provide support through the forensic medical examination process and investigatory interviews.

AUDITS

Adult Division Audits:

The adult division contracted with a private PREA auditing company, The Nakamoto Group, to conduct audits of two of its facilities in 2015. The first facility audited was the South Dakota Women's Prison (SDWP) in Pierre, SD, followed by Mike Durfee State Prison (MDSP) in Springfield, with satellite facilities in Rapid City and Yankton, SD.

**South Dakota Department of Corrections
2015 Annual Prison Rape Elimination Act Report**

The on-site visit to conduct a PREA compliance audit of SDWP was conducted from May 5th thru May 7th, 2015. The final PREA compliance report was issued on May 29th, 2015. The report found SDWP compliant with the PREA Standards, meeting 41 of the standards and exceeding the standards in one category.

The MDSP PREA compliance on-site audit was conducted from July 20th thru July 23rd, 2015. The final PREA compliance report was issued on August 20th, 2015. The report found MDSP compliant with the PREA Standards, meeting 40 of the standards and exceeding the standards in two categories.

Juvenile Division Audits:

Pursuant to Section 115.401 of the PREA Standards, private providers utilized by the SDDOC – Juvenile Division conducted PREA Audits as outlined below.

Volunteers of America Group Care completed the on-site portion of their PREA audit August 3-5, 2015. They were provided an interim report. However, they did not receive a final report as they did not complete their corrective action plan due to the closing of their Group Care program. Thus, a final report was not posted to their website.

Sequel Transition Academy successfully completed their PREA audit on June 25, 2015 with the final audit report issued on July 12, 2015.

<http://doc.sd.gov/documents/about/SequelTransitionPREAAuditReportJuly122015.pdf>

The McCrossan Boys Ranch was monitored by the SDDOC for continued compliance with PREA throughout 2015. Their last audit was completed June 14, 2014.

The Arise Youth Center was monitored by SDDOC throughout 2015 to determine if their population became more than 50% juvenile justice youth which would require an audit. They did meet this threshold during the year and anticipate continuing to serve more than 50% juvenile justice youth. The SDDOC will be working with the Arise Youth Center to schedule an audit in the near future.

2015 DATA REVIEW FOR CORRECTIVE ACTION AND PUBLICATION

General Definitions- Adult & Juvenile Divisions

Substantiated allegation:	An allegation that was investigated and a preponderance of the evidence determined the allegation to have occurred.
Unfounded allegation:	An allegation that was investigated and determined not to have occurred.
Unsubstantiated allegation:	An allegation that was investigated and the investigation produced insufficient evidence to make a final determination as to whether or not the event occurred.
Informational:	An allegation or report of sexual activity, while a possible institutional rule violation, the incident was determined not to involve sexual abuse or sexual harassment.

Adult Division:

Adult Aggregate Data Review

Changes over past year:

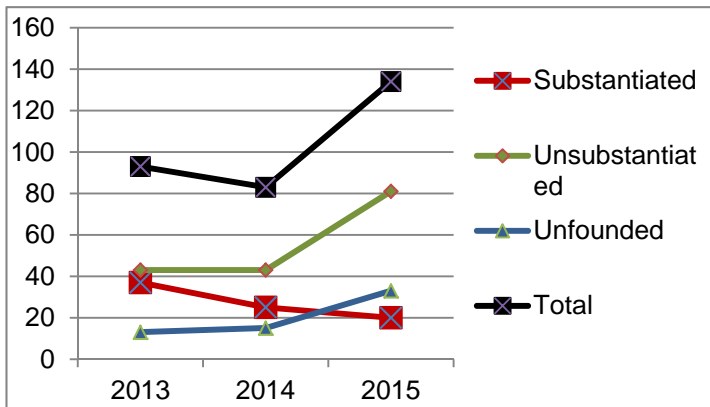

2015 reversed the 2014 trend of slow or negative growth in total sexual incident reports.

From 2014 to 2015 there was an increase in allegations all reporting categories, with the exception of staff sexual abuse/touching which decreased.

For substantiated cases, all categories decreased except staff sexual harassment which went from zero to four.

Trends over 3 year period:

The total number of reported incidents at adult DOC facilities increased 50% for the reporting year 2015 over the previous two years average.

NOTE:

Total Reported Incidents includes Substantiated, Unsubstantiated and Unfounded Reports.

Reports that are determined to be Informational are not included because they are not considered PREA Reportable.

DOC Sexual Incidents Investigated

	2013	2014	2015
Substantiated	37	25	18
Unsubstantiated	43	43	81
Unfounded	13	15	33
Total	93	83	132

This increase in totals is being driven by an increase in unsubstantiated reports (up by 88% in the three year period) and by unfounded reports (up by 154% in the same three year period).

Going against this increasing trend is substantiated reports. The number of reports that have evidence that they did happen decreased by 51% since 2013.

Adult Corrective Action

**South Dakota Department of Corrections
2015 Annual Prison Rape Elimination Act Report**

Mike Durfee State Prison (MDSP)

The distribution of substantiated sexual incidents did not indicate any specific area of concern, except the Kitchen is the only location that had contracted staff sexual abuse occurrences in both 2014 and 2015. In response to the incidents occurring in the kitchen areas, MDSP is now requiring two supervisors to be present in the kitchen at all times. These supervisors can be either contracted staff or DOC Staff

South Dakota State Penitentiary (SDSP)

No individual unit stood out as having a significant level of substantiated incidents in 2015. Units A, B, North/South and West all had two substantiated incidents.

West Hall has seen an average 70% drop in substantiated incidents per year since 2013. SDSP attributes the drop in West Hall substantiated rates to the completion of the West Hall camera installation program, adjusting and closely monitoring the inmate AIMS codes (internal behavioral coding) and movement of approximately 20 low-medium special needs inmates to MDSP- Springfield.

South Dakota Women's Prison (SDWP)

Total number of substantiated sexual investigations (abuse & harassment) increased from one in 2013 to three substantiated incidents in 2015.

The substantiated staff sexual harassment occurred at a contracted facility by contracted staff.

SDWP has responded by increasing the level of training received by community service staff and adding additional cameras.

Juvenile Division:

The following definitions apply to the juvenile aggregated sexual abuse data.

Youth –on–Youth:	Sexual abuse of a resident by another resident. Sexual abuse of a resident by another resident includes any of the following acts, if the victim does not consent, is coerced into such act by overt or implied threats of violence, or is unable to consent or refuse:
Sexual Assault:	Contact between the penis and the vulva or the penis and the anus, including penetration, however slight; Contact between the mouth and the penis, vulva, or anus; Penetration of the anal or genital opening of another person, however slight, by a hand, finger, object, or other instrument;
Sexual Touching:	Any other intentional touching, either directly or through the clothing, of the genitalia, anus, groin, breast, inner thigh, or the buttocks of another person, excluding contact incidental to a physical altercation.
Staff-on- Youth:	Sexual abuse of a resident by a staff member, contractor, or volunteer. Sexual abuse of a resident by a staff member, contractor, or volunteer includes any of the following acts, with or without consent of the resident:
Sexual Assault:	Contact between the penis and the vulva or the penis and the anus, including penetration, however slight; Contact between the mouth and the penis, vulva, or anus; Contact between the mouth and any body part where the staff member, contractor, or volunteer has the intent to abuse, arouse, or gratify sexual desire; Penetration of the anal or genital opening, however slight, by a hand, finger, object, or other instrument, that is unrelated to official duties or where the staff member, contractor, or volunteer has the intent to abuse, arouse,

2015 Annual Prison Rape Elimination Act Report**

or gratify sexual desire;

Sexual Touching: Any other intentional contact, either directly or through the clothing, of or with the genitalia, anus, groin, breast, inner thigh, or the buttocks, that is unrelated to official duties or where the staff member, contractor, or volunteer has the intent to abuse, arouse, or gratify sexual desire.

Voyeurism: Invasion of privacy of a resident for reasons unrelated to official duties.

STAR Academy Aggregate Data Review & Corrective Action

STAR Academy managers reviewed the aggregate and incident specific data for 2015. Staff at STAR Academy investigated a total of 34 incidents. 27 were PREA-reportable incidents and 7 were non-PREA reportable incidents.

Of the 27 PREA-reportable incidents eight (8) were sexual harassment incidents between youth [4 substantiated; 4 unfounded]. There were three (3) incidents that were reported to have occurred at other facilities. Those incidents were reported to the appropriate authorities. There were two (2) reported incidents of staff voyeurism. Both incidents were investigated and found to have not occurred (unfounded).

**South Dakota Department of Corrections
2015 Annual Prison Rape Elimination Act Report**

There were no substantiated incidents of sexual assault. There were 14 cases of sexual touching between youth and eight of those cases were substantiated. Seven of the eight cases involved youth who were fully clothed and included: two separate incidents of a youth thrusting hips to cause groin to buttocks contact between male youth; one incident of a female youth who poked another female youth on the buttocks with a crutch; one male youth poked another male youth in the buttocks with his finger; one incident involved a male youth who straddled the thigh of another male youth resulting in groin to upper thigh contact; and two separate incidents between male youth in which one hit another in the groin with the hand. One case of substantiated sexual touching involved a male youth who pinched the nipple of another male youth. In all cases of sexual touching there appeared to be no intent for sexual gratification, but resulted in managers increasing the amount of training to both staff and youth on the zero tolerance policy for intentional touching, either directly or through the clothing, of the genitalia, anus, groin, breast, inner thigh, or the buttocks of another person -- regardless of the reason for doing so.

CONTRACTED FACILITIES

Adult Division

In June 2015 the contacted with Minnehaha County Jail in Sioux Falls to house female work release offenders expired. The St. Francis Halfway House in Sioux Falls was awarded the contract for the 2015-2016 fiscal year.

All contracted facilities are required to be in, or working towards compliance with the PREA standards.

2016 PROSPECTUS

The SDDOC will continue its pursuit of compliance with the PREA standards and protecting inmates and youth from sexual assault and harassments. Policies and procedures will be review updates and enhancements along with continued staff training and education for inmates. The first PREA 3 year audit cycle concludes in 2016 with the planned audit of the South Dakota State Penitentiary. Adult and Juvenile Division data collection and PREA monitoring visits of contract facilities will be conducted in 2016 as well.
