

## A Sign of the Times

The economic downturn has been felt throughout industries across the country. Few were hit as hard as custom furniture operations. Ours has been no exception, as people postpone the purchase of larger items such as desks, podiums and the like. With our Custom Furniture foreman leaving for other pursuits we have decided to discontinue operation in this shop for a time. Hopefully, we can redefine its operation and channel it in new directions that can be profitable in the future. So for now, no new orders will be taken as we work to finish up the orders we have, hopefully by the first of the year. As always, we look forward to hearing any ideas you may have for projects or products that could prove to be profitable and beneficial for PI and all concerned.

## Live Traps

Winter is time for trapping. The bunnies will be eating the fruit trees and the raccoon pelts will soon be prime. We have built a bunch of live traps for immediate delivery, both 12" and 16". If you need one or fifty we will be able to handle the order.
