There is a shadow of sadness that seems to cover everything here, as we continue to mourn the loss of Correctional Officer Ron Johnson. The enormity of the event has impacted us in ways that ensures that none of us will ever be the same. Thanks to all of you who have expressed your condolences. I think we had no idea how large and close the family of Law Enforcement is and how much support there is across the state.

Sheriff's Association

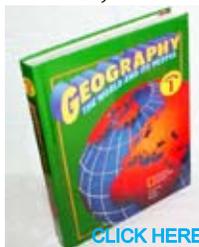

Thanks to everyone that stopped by our booth at the State Sheriff's Convention last month. We appreciated the orders that came in and the support shown from fellow law enforcement officers.

Rebind and Save

As we approach the end of the school year we need to make one more pitch for the rebinding of textbooks. New covers, new bindings (sewn not just glued when ever possible) and the edges trimmed for just \$14.

The Old Days

One of the stories of the old days is how Prison Industries used to weave wonderful rag rugs. We have a collection of worn out clothing that we would like to use for that purpose. The problem is that we have not been able to locate a loom. If any of you know of the whereabouts of a loom we would appreciate a call. Hopefully we could put some more guys to work on that project.

Cabinet Inserts

If you would like to make existing storage space more usable, this insert drawer cabinet can be built to slide into any existing cabinet opening with the number and depth of each drawer made to your specifications. You can turn doors into hidden drawers. This four drawer 9" x 22" insert was only \$60.

Presses are best!

Today's printing needs have changed over the years. You don't see many of the old printing presses like we use around anymore, with the development of newer, faster copy machines. When it comes to quality you can't beat the good old fashion press. We are capable of doing multi-colors on our presses at a fraction of the cost of a copier. If you need letterheads, envelopes, newsletters, or brochures, please consider us as your printing source. Contact Chad at 605-367-5064 for any questions you may have.
