

Director's Note

Happy 2014 everyone! Let's get the New Year started off right. Frigid weather means getting those items you need to stay warm and safe. Check out our Garment Shop and see what Pat can do for you. As for everything else new, check out the rest of our shops and see how we can get you going for 2014 and all the challenges the New Year brings. We look forward to helping you in making your New Year the best it can be.

PRINT SHOP

BUSINESS CARDS: Are your business cards still accurate? Phone #'s, email address, last name, job title, physical address? Rather than hand writing in the changes we can reprint them.
FORMS: are less expensive in large quantities when printed in our Print Shop rather than standing around waiting for the copying machine. You might be surprised!

BOOK BINDERY

Rather than have stacks of minutes, bulletins, newsletters, and logs just laying around unorganized and unsightly, why not have them hardbound in a presentable and professional looking manner.

UPHOLSTERY SHOP

The upholstery shop makes a pillow with moisture resistant ticking. These pillows save time and energy by eliminating the need for laundering. Just wipe them down with a mild antiseptic product and they are ready for use by the next customer.
