I. POLICY

It is the policy of the Department of Corrections (DOC) to allow private industry to establish joint ventures with the DOC to produce goods using offender labor, in accordance with the Prison Industry Enhancement Certification Program (PIECP). The private sector shall be eligible to be involved in the production and sale of offender-made goods on the open market. The DOC may seek to establish new industries beyond the use and purpose of furnishing goods, products, and services, to the federal government, state governments, and their political subdivisions (see SDCL § 24-7-3). When a correctional agency or authority wishes to participate in the PIECP, an application must be prepared and submitted to the Bureau of Justice Assistance (BJA), U.S. Department of Justice. The applicant determines whether a Single or Umbrella Authority application is the most appropriate given the unique circumstances in that jurisdiction. Applicants must then demonstrate that the necessary statutory and/or administrative authority to meet all mandatory program and administrative criteria is in place, as well as appropriate policies and procedures to implement program requirements, before BJA PIECP certification is issued. Additionally, a site visit will be performed by experienced federal and state practitioners to review and evaluate submitted materials, to ensure their accuracy and completeness. Lastly, if and when PIECP certification is granted, it may be suspended or terminated at the discretion of BJA if program standards are not maintained in keeping with the PIECP federal guidelines and statutory requirements or for prolonged inactivity of six (6) months or longer.

II. PURPOSE

The purpose of this policy is to outline criteria and guidelines for participation in the Prison Industry Enhancement Certification Program (PIECP).

III. DEFINITIONS

Prison Industry Enhancement Certification Program:

Exempt state and local certified departments of corrections from normal restrictions on the sale of prison-made goods in interstate commerce.

SECTION	SUBJECT	DOC POLICY	Page 2 of 4
Administration & Management – Fiscal Management	Prison Industry Enhancement Certification Program	1.1.B.05	Effective: 08/15/2023

- A. Offender participation in the Prison Industry Enhancement Certification Program (PIECP) shall be voluntary, in accordance with SDCL § 24-7-3(5).
- B. PIECP provides eligible offenders the opportunity to work in a realistic work environment, receive a prevailing local wage for work, and acquire marketable skills to increase potential for successful rehabilitation and meaningful employment upon release from DOC custody.
- C. Prior to participating in PIECP, each offender must sign the *PIECP Agreement* (see attachment #1) wherein the offender acknowledges voluntary participation in the PIECP.
 1. The offender’s signature on the PIECP Agreement signifies an agreement by the offender to specific deductions from the offender’s gross wages and specified financial obligations.
 2. A staff member must witness the offender’s signature.
- D. An offender’s, custody level, classification, risk, aptitude, experience, and abilities (based on tests and/or personal interview(s) with the offender), shall be reviewed and considered by institutional staff and private sector employers when considering an offender for any job within the PIECP.
 1. Offenders designated “high risk” for institutional job assignment purposes, may not be assigned any job within PIECP. Questions regarding whether an offender is designated “high risk” shall be directed to the associate director of offender services.

2. Offender Eligibility:

- A. Offenders employed in a PIECP industry must notify their supervisor in advance of any class, program, or appointment they intend to attend that will take them away from the workplace during their assigned work hours.
- B. No offender under the jurisdiction of the DOC has any implied right or expectation to work in any particular job (see SDCL § 24-2-27). Offenders are subject to transfer to another job or removal from any job assignment at the discretion of the secretary of corrections (SOC) or designee.
- C. No offender seeking employment with a PIECP industry or currently employed by a PIECP industry may be discriminated against on the basis of race, gender, sexual orientation, national origin, disability, religion, or other protected status. Employers shall make reasonable accommodations for offenders requesting accommodation on the basis of a disability, consistent with safety and security.
 1. Offenders must be capable of performing the essential functions of the job, with or without a reasonable accommodation. The employer retains the right to hire the best qualified offender applicant for the job (see DOC policy 1.1.E.7 *Americans with Disabilities Act (ADA)*).

3. Offender Identification:

- A. The private sector employer shall verify each offender has a valid Social Security number prior to assigning the offender a job. Offenders without a valid Social Security number may not work for a wage within the PIECP.

4. Offender Wages:

- A. Offenders participating in PIECP will have an opportunity to earn wages, learn job skills, and develop good work habits. Wages paid to offenders will not be less than those paid for work of similar nature in the locality where the work is performed, in accordance with SDCL § 24-7-3 (3). In the absence of similar work, offender wages may not be less than state or federal minimum wage, whichever is greater.
- B. Wage deductions (a.- d. are allowed by PIECP certification):

- a. Federal, state, and local taxes.
 - b. 20% for cost of incarceration.

 - d. Contribution to the South Dakota Victims Compensation Fund, as administered by the State of South Dakota (see SDCL §§ 23A-28B and 24-7-3 (1)). This amount will be equal to at least five percent (5%), but not greater than twenty percent (20%) of the offender’s gross wages (requirement for PIECP certification). The total deductions from the offender’s wages shall not exceed eighty percent (80%) of gross wages (requirement for PIECP certification).
2. Offenders cannot request extra money withheld from their paychecks if their net paycheck, after required deductions or obligations are withheld, is insufficient to cover the deduction. Offenders cannot have extra money withheld from their wages to avoid paying required deductions or obligations.
 3. Offender wages are subject to the processes, procedures, and requirements described within DOC Policy 1.1.B.02 *Offender Accounts and Financial Responsibility*.
- C. The DOC shall require Workers’ Compensation be provided by the employer for offender workers employed in a PIECP industry, pursuant to SDCL § 24-7-3 (4). Offenders may receive Workers’ Compensation benefits comparable to those made available by the state or federal government to similarly situated private-sector employees.
- D. Offenders removed from employment with PIECP have no right to continued employment, due process, or pay for work completed. Offenders employed by a PIECP industry are not “employees” covered by the federal Fair Labor Standards Act.

5. Consultation Requirements:

- A. The DOC and PIECP industry employers shall consult with representatives of local labor organizations and local businesses/private industry prior to the use of offender workers in the production of goods for sale in interstate commerce or to the federal government (see SDCL § 24-7-3 (2) (PIECP certification requirement)).
- B. The DOC and PIECP industry employers shall document the use of offender workers in the production of goods for sale in interstate commerce or to the federal government through PIECP. Documentation must support that employment of offenders will not result in the displacement of employed workers within the locality. Offender workers shall not be used in skills, crafts, or trades in which there is a surplus of available gainful labor in the locality or significantly impair existing contracts.

6. Objectives and Program Benefits:

- A. The two (2) primary objectives of PIECP are:
 1. To generate products and services that enable offenders to make a contribution to society, which shall include helping offset the cost of the offender’s incarceration, providing some compensation to crime victims, and helping support the offender’s family, and
 2. To reduce prison idleness by increasing offenders’ job skills and improving the prospects for successful transition to the community upon release.
- B. PIECP benefits:
 1. Provide offenders a means of repaying victims for harm sustained by the offender’s crime (restitution).
