 - 2. Offenders may be assessed additional fees or costs incurred, including the amount of the check if clears through the bank.
- B. Returned funds resulting from the stop payment will be deposited into the subaccount from which they were drawn.
- C. Offenders requesting a replacement check for a check previously issued from their account must complete an *Application, Affidavit for Replacement Check* prior to the DOC issuing a replacement check (see attachment #3).

11. Stale-Dated Checks:

SECTION	SUBJECT	DOC POLICY	Page 10 of 13
Offender Accounts	Offender Accounts and Financial Responsibility	1.1.B.2	Effective: 05/01/2023

- A. The DOC may clear stale-dated checks. Stale-dated checks are checks issued from an offender’s subaccount and are considered void six (6) months following the date of issue. The DOC may initiate “stop payment” on stale-dated checks.
- B. If a stale-dated check clears the bank at a later time, the offender’s account will be charged.
- C. The refunded amount will be deposited into the offender’s subaccount from which the check was drawn.
- D. Funds received from checks drawn from inactive offender subaccounts will be deposited in the DOC Deceased/Released account. If the offender is on parole and the amount is \$25 or greater, a check for the amount will be sent to the offender’s supervising parole agent.

12. Closing Accounts:

- A. An offender’s subaccounts will be closed only upon discharge, placement on extension of confinement or conditional release (parole or suspended sentence), death, escape, or transfer to an out-of-state facility. Subaccounts will not be closed if the offender is placed on temporary status at a county jail or hospital, out-to- court, or temporary absence (TAP).
 - 1. The balance of the offender’s subaccounts (spend, savings, family support, work release expense, specialty, and frozen) will include the total funds contained in all subaccounts and any payroll wages earned which are owed. Credit obligations will be paid from eligible remaining funds (does not include exempt funds in the specialty subaccount).
 - 2. After gate money and transportation provisions are calculated (for eligible offenders only), a debit card and/or check will be issued to the offender for the entire amount of funds remaining in the subaccounts, including any payroll due.
 - 3. Offenders must contact the vendor to request remaining funds from their tablet or telephone accounts.
 - 4. Commissary refunds and/or payroll owed that is posted after account is closed will first have any gate funds adjusted if received. If no gate funds posted, refunds \$3 or greater received/posted after an account has been closed will be applied to fixed obligations. If no fixed obligations are owed, or the amount of the refund is less than \$3, the refund will be applied to cost of incarceration. If refund is \$25 or greater, a check or debit card will be issued to offender if DOC has a valid forwarding address. If no valid forward, funds will be cleared to the DOC/Deceased/Released account.
- B. For offenders releasing to parole supervision, the amount of any unsatisfied obligations will be transferred to parole services and included in their release plan.
 - 1. If an offender is released on parole or suspended sentence with a credit obligation, the amount of the credit obligation shall be written-off and added to DOC costs incurred.
 - 2. Offenders are responsible for making arrangements to pay towards costs incurred prior to release to parole, suspended sentence, or discharge.
 - 3. Parolees may mail payments to the DOC Administration office in the form of a money order. The payment must include a note directing the funds be applied toward costs incurred rather than parole supervision fees.
 - 4. The DOC may forgive indebtedness upon the offender’s final discharge.
- C. If an offender is discharged or dies while in DOC custody with funds remaining in their subaccounts, the warden shall apply any eligible funds remaining towards the offender’s obligations, as provided for in SDCL § [24-2-29](#). If the funds exceed the offender’s obligations, the excess balance shall be issued to the next of kin or designee, otherwise, the excess balance shall be deposited in the state general fund (See SDCL § [24-5-5](#)).
- D. If any offender dies or is discharged from the DOC with a negative balance, the warden may authorize the offender’s account(s) to be closed out (See SDCL § [24-5-6](#)).
- E. All offender funds confiscated as contraband or evidence released to the DOC, shall be deposited into the state general fund.

13. Withdrawal of Funds:

SECTION	SUBJECT	DOC POLICY	Page 11 of 13

- A. An offender may request funds be deducted from their spend, family support, savings, specialty, or frozen subaccounts in the amount of \$1.00 or more.
- B. The offender must submit a completed commissary slip for a specific amount and indicate from which subaccount the funds will be drawn. If the funds are to be mailed, the offender must provide a stamped envelope containing the name and address of the recipient.
- C. Designated staff must sign off on the offender's commissary slip before the request is sent to the business office for processing. Staff with authority to approve transaction requests are as follows:
 1. Checks from spend subaccount approved by unit staff.
 2. Checks from family support subaccount. Limited to legal dependents or their legally appointed representative. Payments must be to a person, not a bank, business, or third party approved by unit staff.
 3. Checks from savings subaccount when the offender has fixed/and or credit obligations (other than work release loans for actively employed offenders) approved by warden or designee.
 4. Checks from savings subaccount when the offender does not have credit obligations other than fixed and/or credit obligations other than work release loans for actively employed offenders, and/or fixed obligations for work release, PSPI obligations, or COI approved by unit staff.
 5. Checks from work release expense subaccount approved by unit staff.
 6. Checks from frozen subaccount approved by warden or designee.
 7. Checks from specialty subaccount for mother/infant program or to the vendor for lease of a replacement tablet that were deposited as "Tablet Only" in Specialty subaccount are allowed if approved by unit staff. Any other specialty requests must be approved by warden or designee and must be for special circumstances only.

14. Phone Accounts:

- A. Offenders with a phone account with the approved telephone services vendor may deposit funds into their phone account. Offenders may not close their phone account until release or discharge from custody.
- B. Offenders may transfer money from their spend account to their phone account in \$5 increments. The request must clearly state "transfer to Phone account".
- C. Offenders may transfer funds from their savings account to their phone account in \$5 increments, provided they do not owe any credit or fixed obligations, other than COI.
- D. Offenders may transfer funds from their frozen account to their phone account with approval from warden.
- E. The DOC does not accept monies intended for deposit into an offender's phone account. All such funds must be sent directly to the vendor. Incoming funds received by the DOC designated as "phone funds" will be deposited into the offender's institutional account(s) in accordance with DOC policy.

15. Tablet Accounts:

- A. Offenders may transfer funds from their spend subaccount only to the tablet account in \$5.00 increments, with unit staff's approval. The request must clearly state "transfer to Tablet account".
- B. No offender may transfer funds to or from his/her tablet account to another offender's tablet account.
- C. Funds in the offender tablet account may not be used for other purposes. Offenders may not close their tablet account until release/discharge from DOC custody.
- D. The DOC does not accept monies intended for deposit into an offender's tablet account. All such funds must be sent directly to the vendor. Incoming funds received by the DOC designated as "tablet funds" will be deposited into the offender's institutional account(s) in accordance with DOC policy. The only exception is for funds designated for payment to lease a new tablet.
- E. Offenders or friends and family are unable to add funds to offender's tablets if the offender is indigent.

16. Tablet Lease:

- A. An offender may lease a tablet (only applies to offenders who are no longer eligible for free access to a loaner tablet) with funds from their specialty account that were deposited for “Tablet Only” or savings account.
- B. An offender may receive funds to lease a tablet.
 - 1. The money order must be specifically marked “Tablet Lease” and will only be for the full amount of the lease. No partial amounts will be accepted.
 - 2. The funds received will be deposited directly to the offender’s specialty subaccount. If the funds received exceed the cost of the lease, the remaining amount will remain in the offender’s specialty account until release or discharge.
 - 3. When designated funds are deposited, business office staff will note “tablet lease” in the comments section.
 - 4. Eligible offenders may lease a tablet after the funds have been deposited and the appropriate commissary slip, along with a self-addressed stamped envelope, has been received and processed by the business office. The commissary slip must state “For Tablet Lease from Specialty, Savings, or Spend account” and a check will be issued to the vendor.
 - 5. Offenders receiving funds marked “Tablet Lease” who are currently issued a tablet, will have the funds deposited into their “Specialty” sub account and remain until release.

17. Reimbursement of Offender Liability:

- A. A conditional release offender who posted an interstate compact security bond prior to March 3, 2010, will have his/her offender liability deducted from the proceeds of that bond.
 - 1. Documentation of offender liability will be forwarded for processing to the SDSP business office for male offenders and to the SDWP business office for female offenders.
 - a. If the amount of the offender liability is less than the amount of the interstate compact security bond:
 - 1) The balance will be put in the offender’s “Specialty” account if the offender posted the bond from his/her own funds.
 - 2) The balance will be sent out to the person who posted the bond on behalf of the offender; or
 - 3) The balance will be prorated between the offender and the outside person if the bond was posted through a combination of funds from the offender and an outside person. The offender’s residual share will be put in his/her “old funds” account and the outside person’s residual share will be sent out to them.
 - b. If the amount of the offender liability is greater than the amount of the interstate compact security bond, the business office will document the difference in the restitution owed to the DOC account.
 - 2. Any residual funds from an interstate compact security bond posted by the offender will not be released to that offender until he/she discharges his/her sentence(s) or paroles in state, and it is determined there is no remaining offender liability.
 - 3. If a conditional release offender remains on supervised release or is revoked and reinstated, the parole agent can require the offender to reimburse the DOC directly through a money order(s) for the amount of the obligation.

18. Offender Grievance/Due Process:

- A. Offenders who believe they have been deprived of funds earned or received, or disagree with requirement of payment or assessed fees, or the amount of a required deduction, with the exception of court orders, may submit an offender grievance.

19. Audits:

- A. Offender accounts are open to audit by an external auditing entity to ensure compliance with Generally Accepted Accounting Principles.
