SOMP staff's recommendation will be based on assessment(s) of the offender, including but not limited to, review of the offender's psycho-sexual evaluation, mental health assessment (if available), pre-sentence investigation (PSI), WRNA score (females) LSI-R score (males) (Females =>40 Males =>37), P-Scan score (greater than 30), the offender's response to treatment/treatment status, treatment history / compliance / participation and whether the offender was assessed as not benefiting from group programming.   1. If the warden finds no sufficient cause to recommend the withholding of the offender's parole eligibility, the warden will notify SOMP staff of his/her decision.
  2. If the warden finds there is sufficient cause to recommend the offender's parole eligibility be withheld, the warden will provide notice of his/her recommendation to the chairman of the Parole Board.
    - a. If the offender has multiple sentences subject to parole eligibility withholding, a list of these sentences will be included in the warden's notice.

- C. A new or revised recommendation can be made by SOMP staff to the respective warden if any of the following occurs:
