Is at least sixty-five years of age, has served at least ten consecutive years of the inmate's sentence incarcerated, whose current sentences are for convictions of a Class 3 felony or below and whose medical care needs are at least double the average annual medical cost of the inmate population; or
 - v. Is at least seventy years of age and has served at least thirty consecutive years of the inmate's sentence incarcerated; and
 - vi. Is not serving a capital punishment sentence;
- b. The Board may not order the release of an inmate to compassionate parole if the inmate meets the eligibility requirements of a medically indigent person under the provisions of chapter 28-13.

- d. An inmate is ineligible for compassionate parole once the inmate reaches the parole eligibility date pursuant to § 24-15-5 or the inmate's initial parole date pursuant to § 24-15A-32. However, if an inmate previously referred by the secretary for compassionate parole continues to meet the criteria for compassionate parole consideration as outlined in SDCL 24-15A-55 (Attachment 1) the factors listed in SDCL 24-15A-57 (Attachment 2) shall be considered in any subsequent discretionary parole release decision.
- e. Compassionate Parole hearings will be scheduled as full Board hearings and a decision to grant or deny will require a majority vote of all appointed board members.
 1. An auxiliary board member may substitute for an absent board member. A recused board member is not counted as a "present" board member for voting requirements."

B. Board Consideration:

- a. The Board of Pardons and Paroles shall consider the following factors in determining the grant or denial of a compassionate parole:
 - i. The inmate's assessed risk level;
 - ii. The inmate's conduct while on extended confinement, if applicable;

 - xi. The ability to adequately monitor the inmate, after release, to ensure public safety.
- b. The board may grant or deny a compassionate parole.
- c. If the Board denies an inmate release to compassionate parole, the board shall set the date for the next consideration of compassionate parole not to exceed one year. The board may elect to review the inmate sooner than one year.

- d. If the inmate no longer meets the criteria for compassionate parole as set forth in SDCL 24-15A-55 (Attachment 1), the inmate's health care provider or the warden shall notify the secretary of corrections. The secretary may remove the inmate from compassionate parole consideration.
 - i. If the secretary of corrections removes the inmate from compassionate parole consideration, any previously scheduled compassionate parole hearings will be canceled and the Board may not consider the inmate of compassionate parole.
 - ii. An inmate removed from compassionate parole consideration is subject to applicable parole provisions under chapters 24-13, 24-15, and 24-15A notwithstanding the provisions of SDCL 24-15A (55-68).
- e. If an inmate is released on compassionate parole and is compliant with the terms of the inmate's supervision, no longer meeting the criteria for compassionate parole in SDCL 24-15A-55 (Attachment 1) does not constitute grounds for parole revocation.
- f. Nothing in this Act or its application may be the basis for establishing a constitutionally protected liberty, property, or due process interest in any prisoner. An inmate is not entitled to compassionate parole or to be considered for compassionate parole. Compassionate parole may be recommended by the secretary and granted by the board if, in the judgement of the secretary and the board, the inmate meets the eligibility criteria for compassionate parole pursuant to SDCL 24-15A-55 (Attachment 1) and a compassionate parole release is unlikely to pose a detriment to the offender, victim, or community. The decision of the board regarding compassionate parole release is final.

C. Supervision and Revocation of Compassionate Parolees:

- a. An inmate granted compassionate parole is subject to the provisions of chapters 24-13, 24-15, and 24-15A, including the provisions related to supervision, early final discharge, and revocation of parole, so far as those provisions are consistent with SDCL 24-15A (55-68).
- b. As a condition of supervision pursuant to § 24-15A-37, any inmate released on compassionate parole shall be compliant with medical care and maintain responsibility for health care expenses through self-pay or third-party payer.
- c. An inmate on parole through a compassionate parole release is ineligible for earned discharge credits until the inmate reaches an initial parole date pursuant § 24-15A-32 or an initial parole eligibility date pursuant to § 24-15-5.
- d. If an inmate on parole through a compassionate parole release has the inmate's parole revoked, a subsequent consideration of compassionate parole on the same sentence requires a new referral for consideration pursuant to 24-15A-56 (III Definitions).
- e. When a parolee released under compassionate parole reaches their initial parole date pursuant to § 24-15A-32 or their parole eligibility date pursuant to § 24-15-5 and is paroled subject to the provisions of chapters 24-15 and 24-15A they are no longer subject to the provisions of this Act.
