

Welcome Aboard Sandy Jones

There's a new member of the Pheasantland Family! Taking over for James Elledge, who left to pursue other interests, Sandy Jones is the new supervisor over at the Braille Shop and is no stranger to the PI Promise of "Satisfaction Guaranteed." Sandy brings several years' manufacturing experience working in the private sector and we think she will make a great addition to our team.

LASER ENGRAVING

BY PHEASANTLAND INDUSTRIES

Are you looking to...

- ...Recognize an individual or group effort?
- ...Update interior signage?
- ...Make a great first impression?

Sandy's creative team at the Braille Shop recently updated their laser engraving equipment and now offer a full range of customizable products that anyone would be proud to display.

- Awards & Plaques

HAIL & FAREWELL

Meet Stefany

PHEASANTLAND'S
NEW DIRECTOR

Hi everyone, my name is Stefany Bawek and I recently joined Pheasantland Industries as the new Director. I am really excited to join the Department of Corrections and I can't wait to start contributing to the growth of correctional industries in South Dakota. I hope to meet many of you in person as I settle in and learn more about the shops of Pheasantland. I come to you with over twenty years of retail experience, most recently as a Co-Manager with Walmart.

When I am not at work, I enjoy spending time with my family, cooking, travelling and live music. If you have some time, please stop by the office and let us know what Pheasantland can do for you! Thanks to everyone for being so welcoming. I look forward to working with all of you.

Stefany Bawek

Director

Pheasantland Industries

1600 North Drive · PO Box 5911

Darold Diede Retires

In military circles, the "Hail and Farewell" ceremony is a time-honored tradition that honors a departing commander and welcomes their replacement. It is in that same spirit that we announce, after more than three decades of service, Darold Diede is retiring from state government and Stefany Bawek has been hired as his replacement.

Darold began his career as a corrections officer, and worked in various support roles, last holding the position of physical plant manager before taking the helm of Pheasantland Industries. During Darold's stewardship, Pheasantland rolled out new South Dakota license plates, expanded its product line with the addition of laser engraving, and introduced CNC technology to our manufacturing process.

We welcome Stefany to the Pheasantland Family, and thank Darold for his invaluable service and wish him well in all his future endeavors.
