## Looking Forward

Pheasantland Industries can trace its roots back to 1890, when funds were appropriated to establish the first permanent correctional industry in South Dakota, a knitting shop. This year, which coincides with the 130th anniversary of that appropriation, has been unlike any other in recent memory.

Our team had planned several "PI 130" events but they had to be curtailed in response to the COVID-19 pandemic. We wanted to take a moment to recognize what has grown into what is today a self-sustaining enterprise known for great quality products and exceptional service.

## Pheasantland Foundations Classroom Project

In the coming weeks, we will put the finishing touches on our project to convert a large, under-utilized room in the Upholstery Shop into a multipurpose classroom and meeting space where our team will learn the Pheasantland Values and showcase the talent and ingenuity of our workforce. Working together, we hope to have this project completed around the first day of the new year.
