A recent fundraiser at the Mike Durfee State Prison in Springfield raised $3,160 for the Bon Homme Snack Pack Program.

Gary and Connie Hawks (pictured at right with MDSP Cultural Activities Coordinator Brian Foley) described the program. “The Bon Homme Snack Pack program was organized in 2015 and has been providing weekend meals for students in grades K-5. The first packing took place on February 24, 2016.

In March 2020 when Covid 19 closed the school classrooms, we packed for 66 students at home. We packed larger bags to help the students through longer periods without school. This was a huge challenge because supplies were in very short supply. But luckily, we were able to get through that difficult period.

During the 2020-2021 school year, the Snack Pack program provided meals for 32 students every weekend. The 2021-2022 year has 42 students currently taking part in the program.

Each student receives a pack including 2 entrees, 1 white milk, 1 chocolate milk, 2 fruits, 3 breakfast items, and 2 snacks. Since we have received great donations such as those from Mike Durfee State Prison, we have increased what is offered to each student by including an extra entrée, breakfast food, or snack and sometimes all three items.”

The state prison in Springfield holds fundraisers each year. The inmates purchase pizzas and chicken strips. Pizza Ranch in Yankton provides excellent service and food. Each purchase provides two dollars to charity. Previous donations have gone to River City Domestic Shelter, United Way, Yankton VFW, the Special Olympics and several others.

The current fundraiser has the distinction of being the largest fundraiser ever. The donation to the Bon Homme snack Pack program is the largest donation to date. The staff and inmates at the prison look forward to exceeding that amount in the future.

The Black Hills Children’s Home is part of the Children’s Home Society of South Dakota. It is a psychiatric residential treatment center and education school for children, ages 4-14, with severe emotional and behavioral needs. Many of the children are victims of domestic violence, neglect, and emotional, physical and sexual abuse. The Children’s Home Society also partners with caring parents to serve children with emotional or behavioral needs. Most children are discharged from CHS/BHCH into a family setting including birth parents, relative placements, a foster family or an adoptive family. All funds received through donation are used for the children in the treatment center and to help with clothing the children and helping with the families learning how to manage the children.

The Children’s Inn provides free services to victims of domestic violence, stalking, elder abuse, sexual assault and child abuse or neglect.

Along with the monetary donation, Children's Inn received a painting of a woman and child done by an anonymous Native American inmate.
