## Save time and money on engraving

**Pheasantland Industries is pleased to announce the addition of a rotary engraver to the Metal Shop.**

Their new DE-3 Rotary Engraver utilizes a rotary tool capable of spinning up to 20,000 RPM and can engrave on metal, plastic, and glass at a fraction of the cost and time of other vendors. Ideal for personalizing promotional items, office signage, and uniform nametags, our staff can customize standard metal or plastic nametags for law enforcement and military personnel, and the custom-shaped name tags popular with state, municipal and county agencies. James Elledge and his staff would love to handle any of your engraving needs and he looks forward to hearing from you.

**CHECK THIS OUT!**

Our Pheasantland trailer recently underwent a makeover with custom decal wraps courtesy of our creative design teams at the Print and Sign Shops. Please give us a call if there is a design project you have in mind.

● Justin

● Shannon

## Welcome Aboard

We would like to welcome Justin Winters and Shannon Hoerth to the Pheasantland Family. Justin has stepped in as the interim Sign Shop Foreman, while Shannon will likewise oversee the Carpentry Shop on an interim basis.

## Open House a Success

Thanks to all of our customers and community partners for attending Pheasantland's first-ever open house last month. It was fun for us to meet longtime and new customers and for visitors to get an inside look at the level of talent at work.

We look forward to planning more events in the future!

▲ This custom, laser-engraved ornament was the Print Shop's contribution to the complimentary sample bag participants received.

## OUR CUSTOMERS

PI's products and services are available to state employees, governmental entities, schools, churches, and non-profit organizations operating in South Dakota.

STAY CONNECTED.
