## Out & About

As you look forward to moving the fun outside for a long overdue get together with family and friends, take advantage of the beautiful weather and allow the shops and staff at Pheasantland Industries to work with you and help check everything off your to-do list and help make your activity a great success.

POP CAN FRISBEE GAME SET

### Pop Can Frisbee

Known by many names, the Metal Shop is putting the finishing touches on its durable game set that is available in a variety of colors. Also, ask about our custom grills and other outdoor accessories.

STEEL PLANTER

## Check this Out!

### FUNCTIONAL METAL ART

In addition to the Metal Shop's regular repair and fabrication work, Chris Avery and his team have still been able to carve out a little creative time for some cool custom projects. For example, pictured here in its pre-paint fabrication stage is a large planter constructed of 14-gauge steel. Give Chris a call or email if you have something creative in mind you would like the Metal Shop to tackle.

## A MARKETING 'HAIL AND FAREWELL'

Please join us in extending our best wishes for a job well done to a departing member of our talented team of marketing interns and to welcome its newest member. Eleni Belbas, who was with us for the better part of the year, has graduated from the University of Minnesota Mankato and will undertake a marketing position in the Sioux Falls area. Emma Nelson, our new intern, is a senior at the University of Minnesota Duluth studying Communication and Marketing. She is involved in student government and loves going to the Farmer's Market! Good luck, Eleni, and welcome to the team, Emma!
