"Pedal Power" Program

Drop Off

In the Sioux Falls area you can drop off your old bikes at the PI Office located at 1600 North Drive.

contact

Mike Durfee State Prison is home to "Pedal Power from the Pen," a privately-funded program that refurbishes approximately 1200 bikes a year which are given free of charge to law enforcement, community and social service programs, tribes, schools, churches, non-profits and others in need.

Inmates salvage old bikes collected from various drop off points throughout the state, which are then used to build our refurbished bikes. It can take up to 10 scrap bikes to produce one "Pedal Power" bike. So, if there is an old bike taking up space in your garage, consider donating it to this worthwhile program. To find the nearest drop off point or for more information, feel free to contact Travis Kemnitz.
