RE: Visits and Religious Programming

Effective Monday May 24, 2021:

We will return to our Pre-COVID religious programming schedule (including sweats and major events).

Visit changes include returning to the Pre-COVID visit eligibility and frequency of visits. Visits will continue to be scheduled through the GTL platform with the current established visit periods. Masks will still need to be worn.

Understanding the importance of religious programming and visits, we appreciate your patience and cooperation as we continue to adjust our programs.
