Subject: Tablet Communication

Effective March 8, 2024, tablet communication features (phone calls and messages/pictures) have been suspended on all DOC tablets statewide with no specified date of reinstatement. These features have been suspended due to an investigation pending resolution. All other tablet features remain functional at this time. Offenders still have access to wall phones to contact their attorneys and families. To add a new number to their phone list, offenders must make such request to unit staff. Offenders still have the ability to send and receive letters.
