Mike Durfee State Prison

DATE: March 1, 2021

SUBJECT: Resumption of General Public Visitation

YCWC has begun a gradual return to more normal operations, and effective March 12, 2021, will resume visits using a phased approach. Visitation will be limited at this time to allow for social distancing, and several new restrictions will be in place to protect the health and safety of offenders and staff during the public health crisis. As we go forward with this phased approach, it will be monitored and evaluated to determine if less restrictive means are feasible. Please see below for specific YCWC visiting procedures. A copy of standard visitation rules and current restrictions can be found on our website, <https://doc.sd.gov/>

An inherent risk of exposure to COVID-19 exists in any public place where people are present. COVID-19 is an extremely contagious disease that can lead to severe illness and death ... By participating in visits at YCWC, you voluntarily assume all risks related to exposure of COVID-19.

The most important component of reopening visiting and keeping it open is you. If visitors help keep the virus out, visiting can continue. Make smart health decisions. Follow social distancing guidelines and other recommendations. Wash your hands. Avoid crowds. Stay home if you are sick.

The department and offenders' families and friends are partners in protecting the health and safety of incarcerated offenders and prison staff. We must all work together to keep everyone safe during this public health crisis.
