January 10, 2004

Dear Governor Rounds and Members of the 2004 Legislature,

Pursuant to the SDCL 24-7-37, Pheasantland Industries presents its Annual Report for Fiscal Year 2003.

This report provides a general overview of Pheasantland Industries and its mission. Summaries of activities and notable production numbers are included in this report.

Pheasantland Industries generated $2,312,306 in sales during FY2003, which resulted in a net income of $148,020.

Our focus continues to be on increasing employment opportunities for inmates and the production of high quality goods and services for South Dakota governmental entities, federal agencies and nonprofit organizations.

Sincerely,

Ron Zylstra
Director
Mission

To provide products and services to South Dakota governmental entities, federal agencies and non-profit organizations. Providing work opportunities for inmates, preparing them for successful return to their communities.

Unique Employment

Industries in a prison environment operate differently than businesses in a free society. Strict security procedures and scheduling are set by prison officials. Industry shops operate Monday through Friday from 7:30 a.m. to 3:30 p.m. Inmate count procedures and staff scheduling usually prohibit overtime and weekend work.

Inmates in traditional prison industries earn .25 per hour. Federal law requires that inmates working for private industry must be paid prevailing, local market wages for the type of work performed. Inmates typically use their wages to buy toiletries and foodstuffs. A percentage is also retained in an inmate worker's reserve account for use upon release or parole. Payroll deductions for inmates working at private industry jobs include, but are not limited to, incarceration fees, victim compensation and family support.

At the close of Fiscal Year 2003, the Pheasantland Industries Staff consisted of 13 employees. The work force totaled 145 inmates in traditional industries and 65 inmates in private sector industries.
Traditional Industries

In Fiscal Year 2003, traditional prison industries consisted of 10 industries: upholstery, printing, sign, decal, book bindery, braille unit, license plates, carpentry, garments, and data entry.

All traditional industries operate at the State Penitentiary in Sioux Falls, except the garment industry which is located at the Mike Durfee State Prison in Springfield and the data entry project which is located at the Women’s Prison in Pierre. Prison industry shops are designed to meet standards established by the Occupational Safety and Health Administration. They are also inspected annually by the State Fire Marshal and must meet all standards established by that office.

By law, traditional prison industries can provide work only for government agencies, non-profit organizations and employees of the State of South Dakota.

Private Industry Enhancement

As the inmate population of adult corrections system grows, so does the need to provide more work opportunities for inmates. Traditional industries also have a very limited market in which to sell its goods. These two facts prompted the decision to explore private sector industry possibilities.

In June of 1989, the Department of Corrections applied for certification in the Private Sector/Prison Industries Enhancement Program. This application was forwarded to the United States Bureau of Justice Assistance after the South Dakota Legislature passed legislation permitting private sector involvement in prison industries. South Dakota was granted certification in 1990.

In addition to the State's certification, each private sector enterprise must be approved by the federal government. The application for each enterprise must include the enterprise market, the number of inmates to be employed, the wages to be paid, and verification that the venture will not impact the local market.

FY 2003 Activities

Inmate wages paid in the private sector for FY 2003 were $315,203. Inmates employed in these industries paid $18,912 to the South Dakota Crime Victims' Compensation fund, $94,561 for incarceration costs, $18,912 in family support obligation, $24,968 in federal taxes, and $24,113 in social security.

Private sector businesses operating during FY2003 included Metalcraft Industries which has welding and machine tool operations at the Jameson Annex
