Conference Table

Storage/Organizer

Smart Podium

Book Shelves

Custom Cabinets

End Table

Church Pew

We just finished making 6 chair and table sets for the lobby of one of our state agencies. These chair and table combinations were designed by the customer and the shop supervisor.

The first drawing I saw looked like it was sketched out on the back of an envelope. From that humble beginning came a new and original design, which is now available for order as-is or with whatever modifications you may want.

Just for fun check out the "born on date" on your desk or chair. If it was made by Pheasantland, there will be a sticker on the bottom identifying the year it was built. I know my chair has a born on date of 6/99 on it and my desk is 17 years old. Most of us have had our desks and chairs so long that we don't notice how tough they look. Our customers or clients do notice, which may not leave a positive impression. Maybe yours just needs a refinishing. We can refinish a desk for less than half the price of new.

Let Pheasantland help deal with the year-end budget challenges. If you are in need of products now but have to wait for "new" money, we can deliver now and postpone payments until next year. If you are in the opposite position and have a little extra cash now, it would be fine to prepay for items that don't need to be delivered until the next fiscal year. We will work with whatever your financial needs are.

Take a walk around your employees' offices and look at their furniture. If you have a few bucks left in your operations budget for the year, why not use it as an employee thank you, to get a new chair, desk, side table or book shelf.

Whether you can see it or not, this is a picture of a miracle waiting to happen. Hiding in these pieces of wood are hundreds of toy cars just waiting to be released. Thanks, to those of you who have donated new and gently used pieces of 2" lumber to this special project. The need will continue to exist for the foreseeable future if there are others who would like to donate material for toys for children in need.

**Our quality is the highest and your satisfaction is guaranteed.**
