Give Us a Go for Large Mailings

I had a great opportunity last month to visit with representatives of all the Conservation Districts in the state through a DDN training seminar. From that, we learned of a possibility of helping with large mailing projects. If you have a large mailing going out under a bulk mail permit, we can design, print, and fold the mailing; put on address labels and put them in the mail. This can be accomplished simply by e-mailing the project information to Chad Rotert and the Print Shop will take care of the rest.

ON SALE

Yellow legal pads.
 50 sheets per pad.
 ONE-SIDED (8 1/2 x 11)

PRICE: \$.50
 (While Supplies Last)

Special Spotlight Upholstery Shop

Here is a great example of the quality upholstery work we do. You can choose from a wide selection of fabrics from our vendors or buy your own and send it to us.

Church Pews

An old tradition of Pheasantland Industries is the refinishing of old church pews. If your church pews are in need of restoration, feel free to give us a call. If you are close to the Sioux Falls area, we would be more than

happy to come out to provide you with a free estimate on how much it would cost to put them back in new condition.

Go in' Green

If you have decided to change and use recycled paper, be aware when you are ordering that the cost is a little higher and the weight of the paper is different. Chad, the new Print Shop foreman, would be happy to provide you with a sample of the paper before ordering to make sure you are getting what you need. Remember to always ask if there is a way to reduce printing costs and Chad will guide you through the process.
