

Mother's Day

Director's Note

Happy Mother's, Graduation and Memorial Day. What a great month we have ahead of us. Mother's Day for those special ladies that put up with so much. "How we appreciate them". Graduation Day our own young people making their way in the world or going on to further their educations and my personal favorite, Memorial Day. This day I take time to remember my fallen buddies and all those that made the ultimate sacrifice. May is an awesome month, not to mention... SPRING is here. Please enjoy and stay safe.

License Plates

The year was 1905 when the first vehicle was issued vehicle tag #1 which was stamped onto a small metal disc about the size of a silver dollar. The vehicle owner had to make their own "license plate" to be displayed on the rear of the vehicle.

Prison Industries, located at the State Penitentiary in Sioux Falls, SD has continuously manufactured license plates for the state since 1929. Prior to that time license plates were manufactured for the state by private firms. The initial pressing of 1987 non-commercial auto license plates required manufacturing 730,800 set or plates.

Pheasantland Industries produced more than 1.3 million sets of plates for the 2006 reissue
