

## DIRECTOR'S NOTE

### Extreme Makeover: PI Edition

by Owen Spurrell, PI Director  
owen.spurrell@state.sd.us  
(P) 605.367.5111

Our woodworking shops- **Custom Furniture** and **Cabinet Shop**- worked together this month to complete an order for custom woodwork in a newly constructed home. Solid oak, finished to perfection and cut to size, went out with less expense than if the finished work would had been purchased from a big retailer. This, combined with unfinished doors stained and finished to match to the rest of the woodwork, with the customer's choice of stain color, made for a perfect job for PI. I can't wait to share photos of the finished product once the installation is completed.

Catalog additions to the web site this month:

## Snapshot

### CUSTOM FURNITURE

A beautiful set of wood chairs with wicker seats were refurbished and re-caned this month in our Custom Furniture Shop. This work returned the furniture to new condition.

### UPCOMING EVENTS

October is a busy month for showing off our wares at conferences around the state. On October 4-7, we will have a booth at the **SD Municipal League Conference** in Sioux Falls. On October 12-14, we will attend both the **SD Sheriffs' Conference** in Aberdeen, and the **Midwest Regional Middle Level Educators Conference** in Sioux Falls.

We provide products and services to South Dakota governmental entities, non-profit organizations and state employees.

## What's New?

### WOODEN PUZZLES

If you have an idea for a pattern that we can turn into a custom-cut puzzle (large or small) give us a call.

### BUSINESS CARDS

Just a reminder, we are still in the business card business. Our Print Shop design guys can incorporate any logo, picture, or color scheme that you choose. And don't forget the back of the cards can be used as well. We have a thermograph process that is used on cards to raise the print to make them really pop. I just ran out of my old cards and here is a peek at the new design they made for me.
