Director's Note

Well, it's time for football again and I can cheer for my Vikings and THIS year things will be different (I hope). New budgets are in effect and in order to keep them healthy, why not give us a shot at saving you money by using our services? We can help you with your printing needs, signage (metal, plastic, peel and stick, window clings etc.), upholstery (to include items like towels and cleaning cloths), cabinetry and custom woodworking and all your metal needs just to name a few.

Bookbinding

We recently re-bound this old bible, the pictures show the progress from start to finish.

We received the bible just like this in a box.

Envelope & Card

Combo Set
\$130.87 per 1000

Machine Shop

Mitchell D.O.T. ordered 4 aluminum boxes used to transport nuclear density gauges. The boxes were built to specifications including dimensions and security of container. The boxes were built from 1/8" aluminum diamond plate and fabricated at the Machine Shop at SDSP.

Upcoming Conferences

South Dakota & North Dakota
Library Conference
September 25-26 Sioux Falls, SD
