January 12, 2016

Dear Governor Dennis Daugaard and Members of the 2015 Legislature:

Pursuant to the SDCL 24-7-37, Pheasantland Industries has published its Annual Report for Fiscal Year 2015. This report provides a general overview of Pheasantland Industries as well as summaries of activities and notable production numbers for the year. The complete report is accessible for your viewing on the worldwide web at <http://doc.sd.gov/about/publications/>. If you would like a printed copy of the complete report, please let me know and I will be happy to have one delivered to you. A synopsis of the year's activities can be found on the pages below.

Pheasantland Industries recorded operating income of \$351,772 on sales of \$2,740,892 for Fiscal Year 2015. Transfer of \$806,168 was made to areas of the Department of Corrections which would be otherwise generally funded. Profits from Pheasantland Industries are used to fund programs and services designed to enhance inmates' ability to lead productive lives upon their release from prison.

Our focus continues to be on developing a solid work ethic, enhancing inmates' opportunities for employment upon their release from prison and on producing high quality goods and services for South Dakota governmental entities, federal agencies and nonprofit organizations.

Sincerely,

A handwritten signature in blue ink that reads "Dennis Kaemingk".

Dennis Kaemingk
Secretary of Corrections

Mission

To provide products and services to South Dakota governmental entities, federal agencies, non-profit organizations and state employees. To provide work opportunities for inmates and prepare them for successful return to their communities.

Outlook for FY2016

Pheasantland Industries will continue to look for new industries that will provide more opportunity for inmate employment. As always, we will not expand to any industry that would be in direct competition with the local private sector. Introducing any new trades to Pheasantland Industries would require the approval of the Corrections Commission.

Traditional Industries

At the close of Fiscal Year 2015, the Pheasantland Industries staff consisted of 14 FTE. The inmate work force totaled 157 inmates. In Fiscal Year 2015, Pheasantland Industries consisted of traditional prison industries: License Plates/Decals, Carpentry, Upholstery, Print Shop/Bookbinding, Braille Shop/Tactile Graphics, Sign Shop, Machine Shop, Garment/Screen Printing Shop, and Data Entry. Industries in a prison environment operate differently than businesses in a free society. Strict security procedures and scheduling are set by prison officials. Industry shops operate Monday through Friday from 7:30 a.m. to 3:30 p.m.

Inmates earn \$.25 per hour. We strive to teach the inmates a tangible skill they can use upon release, but just as important, we try to teach them “soft skills”. Those skills include a good work ethic, interaction with other employees and pride in their work.

All traditional industries operate at the State Penitentiary in Sioux Falls, except the Garment/Screen Print shop which is located at the Mike Durfee State Prison in Springfield and the Data Entry and scanning project which is located at the Women’s Prison in Pierre. Prison industry shops are designed to meet standards established by the Occupational Safety and Health Administration. They are also inspected annually by the State Fire Marshal and Risk Management and must meet all standards established by those offices.

By policy, traditional prison industries can provide work only for government agencies, non-profit organizations and employees of the State of South Dakota.

Private Industry Enhancement

There is always a demand for more work opportunities for inmates. Traditional industries also have a very limited market in which to sell their goods. These two facts prompted the decision to explore private sector industry possibilities. In June of 1989, the Department of Corrections applied for certification in the Private Sector/Prison Industries Enhancement Program. This application was forwarded to the United States Bureau of Justice Assistance after the South Dakota Legislature passed legislation permitting private sector involvement in prison industries. South Dakota was granted certification in 1990.

Federal law requires that inmates working for private industry must be paid prevailing, local market wages for the type of work performed. Payroll deductions for inmates working at private industry jobs include social security, federal income taxes, incarceration fees, victim compensation and family support. A percentage of their wage is also retained in an inmate account for use upon release or parole.

In addition to the State's certification, each private sector enterprise must be approved by the federal government. The application for each enterprise must include the enterprise market, the number of inmates to be employed, the wages to be paid, and verification that the venture will not impact the local market.

Private Industry FY 2015 Activities

Inmate wages paid in the private sector for FY 2015 was \$832,708. Sixty four inmates employed in these industries paid out of their wages \$49,937 to the South Dakota Crime Victims' Compensation Fund, \$332,905 for incarceration costs, \$49,937 in a family support account, \$76,356 in federal taxes and \$63,702 in social security.

Private sector businesses operating during FY2015 included Metalcraft Industries, which has welding and machine tool operations at the Jameson Annex and a window component assembly line at the Penitentiary. Metalcraft Industries is a Prison Industries Enhanced Program so they must pay their inmate employees' wages that are comparable to local industry.

Outside FY 2015 Contracts

Pheasantland Industries during FY2015 contracted with:

- Metalcraft Industries for the Private Industries Enhancement Program

- Hope Haven Ministries for the Wheelchair Restoration Program

- Personal Group for the Data Entry & Scanning Program at the Women's Prison
