APRIL is
**Second
Chance**
MONTH

As part of Second Chance Month, Pheasantland Industries is helping to commemorate reentry efforts across the country. Instead of promoting products and services we wanted to take a moment to recognize the men and women of our inmate workforce and their promise as prospective employees when they are released.

Did You Know?

You can be reimbursed a portion of the costs for providing on-the-job training if you hire a person convicted of a felony or released from prison within the last 12 months.

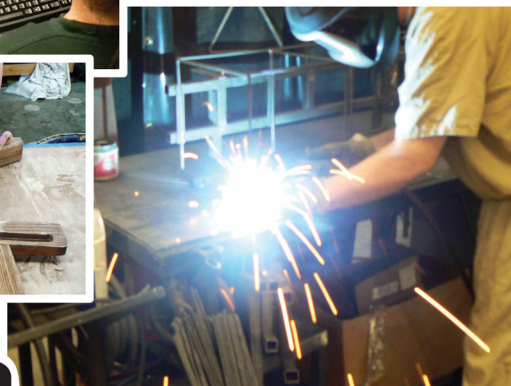

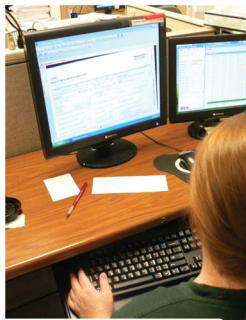

Hire an ex-felon and receive a federal income tax credit under the Work Opportunity Tax Credit (WOTC) program!

There are many community-based treatment programs for people on probation and parole that focus on alcohol and substance abuse, but for most, a chance for steady, gainful employment is often the foundation for a successful homecoming and reducing recidivism.

Experience

Our workers might not have optimal work experience, but they do possess the aptitude and desire to learn the skills required to meet the needs of your workplace.

If you would like to explore ways to reduce employment barriers please contact PI Director Stefany Bawek at 605-367-5111 or stefany.bawek@state.sd.us
